Location Intelligence

The screenshot shows a dashboard for the GeoIP London platform. On the left, there are three vertical panels with dropdown menus, each preceded by a circular icon with a magnifying glass:

- City**: Includes filters for Radius of interest, Mobility, and Green Areas.
- Investment**: Includes filters for City Projects and Private Investments.
- Market Trends**: Includes filters for Commercial Permits, Residential Permits, and Market Prices.

The main area features a map of London with a light green overlay representing different data layers. A vertical control bar on the right side of the map includes a zoom slider with a plus sign at the top and a minus sign at the bottom, and two circular icons at the bottom right.
